

Progress Evaluation #2

Congratulations! You have completed the Metabolic Detoxification and Physiological Optimization Phase of your Health Rebuilding Process. You've done a great job creating a solid foundation in your first six weeks of care. Now you're ready for your personalized **Health Rebuilding Phase (Phase II)**. To help us plan the best approach for you going forward, we need to evaluate your progress so far.

After six weeks of treatment, your body and health have been changing and it's time to have a Progress Evaluation visit with your doctor at Water's Edge. It's a special time set aside to comprehensively review your overall care so far; what has improved and what still needs attention for your health and well being. We want to help you maintain the positive changes you have gained and optimize your health further.

Health Peaks

What to know about your Progress Evaluation visit

- Schedule a 1-hour visit for your Progress Evaluation. (30 minutes consult / 30 minutes exam) (Allow 90 minutes in the office.)
- Schedule a 30 minute visit for your **Report of Findings** — 2 weeks after your Progress Evaluation visit. (Allow 45 minutes in the office.) We'll discuss your personalized **Health Rebuilding Plan** for Phase II of your treatment.
- Complete and return to us the **Progress Evaluation #2 questionnaire** at least **48 hours** before your Progress Evaluation visit. (*See the following page for more information and instructions.*)

On the day of your Progress Evaluation visit

- When you arrive at our office, please check in with our receptionist, then proceed to our restroom to **leave a urine sample**. One of our staff will then direct you to an exam room to get ready for the visit (changing into a gown, etc.)
- **Body composition analysis:** For best results on this exam and during the 24 hours prior to it:
 1. Drink at least 6-8 glasses of water.
 2. Avoid alcohol and caffeine consumption.
 3. Avoid solid foods for at least 4 hours prior to the exam.
 4. On the day of the exam, do not exercise.
- Please remove nail polish so the doctor can evaluate your nails during the exam. If you do not wish to remove your fingernail polish, please remove polish from at least one big toenail.

Progress Evaluation #2 Questionnaire

What to know about the Progress Evaluation questionnaire

This questionnaire is to help you assess your own health progress so far. Getting your feedback is an important part of developing the best treatment plan for your needs and health goals. We will review your questionnaire along with results from nutritional and hormonal exams, consultation, lab tests, and what we learn from your Progress Evaluation visit. From there we will develop your personalized **Health Rebuilding Treatment Plan**, designed to get the best results for you now.

- Please complete ALL pages of this questionnaire *based on the last few months you've been in treatment with us* (we'll compare your Progress Evaluation questionnaire to the new patient questionnaire you originally gave us).
- Follow the instructions on each page, and answer questions **based on the BEST your body was able to feel since your metabolic detox cleanse** (i.e., a good day).
- Include your name and date on **every** page.
- **Please return your completed form to us at least 48 HOURS before your Progress Evaluation visit.**

How to complete and return this questionnaire to us

1. Complete this form using Microsoft Word. Save the file with a new filename that includes **your name** (e.g., "*WatersEdge-Progress-Evaluation2-MarySmith.doc*").
(NOTE: Please leave the document in MSWord *.doc* format; do not convert it to another format such HTML.)
2. Return the form to us by mail to: **3131 Elliott Ave, Suite 740, Seattle, WA 98121**
or by fax: **206-283-1924**

NOTE: **Please be sure to mail it at least 5 days before your appointment so we receive it 48 hours in advance.

If you have any questions, please call us at **206. 283. 1383**. Thank you and we look forward to seeing you again!
